Bids: The highest bidder shall be the buyer. In case of dispute, the animal may again be put up for advance bids and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer on the stand accepted the last bid.

Risk: All animals are at the purchaser's risk as soon as struck off. Animals are at the seller's risk prior to selling in the event of fire or any eventuality.

Warranties: The seller warrants clear title to the animals and right to sell the same.

Certificates of Registry: All certificates of registry and transfer for eligible animals will be furnished to the buyer. The buyer will be responsible for all fees and processing associated with the transfer and registration of eligible animals.

Health: Cattle have been vaccinated with 9-way vaccine. It is strongly recommended a 9-way booster be given approximately two weeks after the date of sale, unless otherwise announced. Out of state buyers must have cattle tested, where applicable, at buyer's expense and risk. Every precaution will be taken to represent the physical condition of each animal exactly as it is known. Announcements regarding health status or other conditions made on individual animals will be noted; no adjustments or returns will be allowed on these animals. No guarantee is made concerning freedom from hardware, disease, mastitis or BVD or any other condition unless so announced at the time of sale.

Breeding: All females, either open or bred, are breeders to the best of the seller's knowledge and belief and have been checked normal. However, no breeding warranty is given or implied. There is no warranty or guarantee with regards to embryo transfer results on animals sold within this sale. Heifers that have never calved are in no way guaranteed as to their condition following calving. No breeding dates or pregnancy can be guaranteed unless so announced at the time of sale.

Shipping: Assistance will be given in shipping animals after the sale. All costs, risks and responsibility will be borne by the purchaser. Transportation charges on animals subject to adjustment will be the responsibility of the purchaser. Transportation charges on animals subject to adjustment will be the responsibility of the purchaser.

Responsibility: The seller will represent and be responsible for their animals. Seller's responsibility and warranties will cease when an animal is resold.

Accidents: The auctioneer, sales management, lineback association and the owner will in no way be responsible for the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

******Errors: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced; such announcements to take precedence over the matter of print in this catalog.
