Age and failing health demand an end to my time in the dairy industry. I have been milking cows since 1948 and I bought my first Lineback in 2000. This is a wonderful breed, combining both sturdiness and beauty.

I will miss working with the breed and I will miss all the friends I have made working in the dairy business over the past years.

Thank You all for supporting the American Lineback Association
by being a consignor or buyer.

TERMS AND CONDITIONS

TERMS: The terms of the sale are cash. All payment made immediately after the sale to the clerk. No release of animals until satisfactory settlement has been made with the clerk. Compliance with the above terms of payment on the part of the buyer will then entitle them to the guarantees offered and listed below.

Bids: The highest bidder will be the buyer. In case of dispute , the animal may again be put up for advance bids and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer on the stand accepted the last bid.

Risk: All animals are at the purchaser's risk as soon as struck off. Animals are at the seller's risk prior to selling in the event of fire or any eventuality.

Warranties: The seller warrants clear title to the animals and right to sell the same.

Certificate of Registry: All certificates of registry and or transfers for eligible animals will be furnished to the buyer. The buyer will be responsible for all fees and processing associated with the transfer and registration of eligible animals.

Health: Cattle have been vaccinated with 9- way vaccine. It is strongly recommended a 9 -way booster be given approx. two weeks after the date of the sale, unless otherwise announced. Out of state buyers must have cattle tested, where applicable, at buyer's expense and risk. Every

precaution will be taken to represent the physical condition of each animal exactly as it is known. Announcements regarding health status or other conditions made on individual animals will be noted: no adjustments or returns will be allowed on these animals. No guarantee is made concerning freedom from hardware, disease, mastitis or BVD or any other condition unless so announced at time of sale. See below for specific information regarding Johnne's Disease.

Breeding: All females, either open or bred, are breeders to the best of seller's knowledge and belief and have been checked normal. However, no breeding warranty is given or implied. There is no warranty or guarantee with regards to embryo transfer results on animals sold within the sale. Heifers that have never calved are in no way guaranteed as to their condition following calving. No breeding dates or pregnancy can be guaranteed unless so announced at the time of sale. Pregnancies 45 days and over will be guaranteed for 5 working days after the sale. Pregnancies 45 days and under are the findings of the veterinarian, but no guarantee is expressed or implied.

Shipping: All costs, risks, and responsibility will be borne by the purchaser. Transportation charges on animals subject to adjustment will be the responsibility of the purchaser.

Errors: The material in this catalog has been carefully edited. Any errors or omissions are discovered they will be announced, such announcements to take precedence over the matter of print in this catalog. Neither the editors of this catalog, the sales management, nor the seller can assume any responsibility for any errors or omissions in the catalog.

Responsibility: The seller will represent and be responsible for their animals. Seller's responsibility and warranties will cease when the animal is resold.

Accidents: The auctioneer, sales management, and owner will in no way be responsible for the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

Johnne's Disclaimer: There is no warranty, expressed or implied, that animals being sold within this sale are uninfected with Para tuberculosis (Johnne's Disease). All cattle sold are considered Maximum Risk from Untested Herds. This is the buyer's written notice as required by the Wisconsin Statute.

Milking: All lactating cows will be milked out after being struck off.
